

December 1, 2011

Dear Medical Student:

Thank you for applying for a scholarship through the Saint Charles-Lincoln County Medical Society, in association with the Missouri State Medical Society. This scholarship is being offered to a medical student going to a medical school in the state of Missouri, that has graduated from a high school in Saint Charles County or Lincoln County.

This is our sixth year to offer this \$5,000 scholarship. It is mainly based on financial need, although other criteria in the application are used, so please be creative when filling out the form.

The decision of the scholarship committee is final, and the award will be given at the March meeting of the Society. You may return the application by mail, fax, or e-mail, as indicated on the last page of the application.

Good luck,

Scholarship Committee

Martin Willman, M.D., Chairman
